DETAILED ACTION

Repeated Rejections

1. The 35 U.S.C. 102 rejection of claims 2 and 21 as anticipated by Komoto et al. is repeated for the reasons previously set forth in the Office Action mailed 3/3/04, Pages 2-3, Paragraph #4.
2. The 35 U.S.C. 103 rejection of claims 3-6 and 20 over Komoto et al. in view of Kozuka et al. is repeated for the reasons previously set forth in the Office Action mailed 3/30/04, Pages 3-4, Paragraph #6.

Response to Arguments

3. Applicant's arguments filed 9/28/04 have been fully considered but they are not persuasive. Applicants argue that "Komoto does not disclose or suggest that a "ribbon portion comprises a material that can be stripped to expose the polarization-maintaining fibers". However, it is to be pointed out that claim 21 recites "*can be* stripped" and the adhesives in Komoto *can be* stripped to expose the polarization-maintaining. Therefore, Komoto clearly teaches the ribboned polarization-maintaining optical fiber as presently claimed in claim 21. Thus, the claims fail to patentably define over Komoto et al.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the

Art Unit: 1772

mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
